

Summer Reading Challenge

For your summer reading, I am challenging you to read as many books over the summer as possible. Please write the names of the books you read on the summer reading challenge sheet. At the end of the summer, have your parents sign the sheet and turn it into me on the first day of school. Feel free to read whatever books you enjoy or try to read different genres. It is up to you. **The only requirement is that any book that you choose must be 4th grade level or above.** Here is a list of books if you need ideas. The main goal is for you to have fun reading! Have a great summer!
