July 28, 2020

Dear High School Families,

I hope you are enjoying these warm summer days and finding ways to stay cool! It is hard to believe, but the start of the school year fast approaches. Your student's schedule is now posted on the family portal and our new bookstore is open. Thank you for your patience in waiting for these important elements of your planning process. The bookstore can be accessed at [stdoms.shelfit.com](http://stdoms.shelfit.com). We anticipate that you will enjoy this new user-friendly platform for textbook purchases. Detailed instructions are attached.

Please note, the current schedules are preliminary and are subject to change as we continue to balance classes to align with distancing protocol. However, every effort will be made to honor student course requests. We are still in the process of hiring a CAD teacher, so please hold off on purchasing materials for that class. All other classes are set, and books are ready to order. If you have any questions about your books, feel free to contact the school office and we will answer your questions at our earliest possible convenience.

To appropriately manage the ongoing threat of COVID-19, we will be following some modifications this fall. More details about our plan will be forthcoming, but at this time we are planning on having live, in-class instruction. We are also working to make an online option possible for those who would like to keep their students at home. While we must acknowledge that the year ahead will be a very different experience from what we are accustomed to, please know that faculty and staff are working diligently to open school in August with as little disruption to academics and extra-curricular activities as possible. We look forward to welcoming our community back to campus in a few weeks. Please watch your email for important school opening announcements to come.

Warm regards,

Director of College & Academic Advising
